Information Sought :	<p>To, The Section Officer (Exam Unit) HRDG:CSIR</p> <p>Sir, after 14 months CSIR has conducted the first CSIR-UGC NET exam (Jun 2021) of the year 2022. Since this time I have faced various types of problem during the exam and I have mailed them to CSIR together with examination conducting body NTA. One of the major problem was the examination font and layout mistake. I want to know what is plan for resolving all those problems. Is there any plan or not? Also I want to know about the planning of the schedule of next exam of this year. When will it be conducted and how many seats will be allotted for the Junior Research Fellowship (JRFs) subject wise. If exact date is not planned then let me inform about the approximate month of this year in which CSIR is going to organize the exam.</p> <p>Kindly provide me all those information.</p> <p>Thank You.</p>

Hello Sir/Mam,

I'm an aspirant of CSIR-NET (Mathematical Sciences) exam which was conducted by NTA on 16 feb, 2022. Following are some major problems which I faced during the exam this season.

1. First issue which I faced in the exam was the delay in starting the exam. Only a buffering circle was on the screen. I got nervous and I thought that my time has started. This thinking made me disturbed. Once the exam was started I was unable to understand what actually asked for. I took 30-40 mins to make me normal. I think this issue was faced by the number of students.
2. The question paper layout (font) was very unusual. After a line of english there was an interpreting line of hindi and then we see other line of english. This made very tough to read and understand the sentences. There should be only one language at a time as in the last time CSIR NET exam. If anyone wants to read in Hindi, he/she can.
3. Scrolling problem was also there. To read the complete question we scrolled long. It was a time taken process which result bad performance in the exam.
4. At many of the centres of CSIR-NET exam the washroom was uncleaned and unsanitized. This could be the loss of hygiene. Now since we are fighting with pandemic, NTA should choose the hygienic and cleaned centres.

I hope the CSIR and NTA's examination controlling body will take these problems seriously and will make decisions to improve these problems in next season.

Thankyou.

Sincerely,

Hemant Dubey,
Research Scholar in Mathematics
